Cogeco Cable Canada Enhances Its Services In Bécancour And Neighbouring Cities

Introducing faster Internet speeds and new HD channels

Montreal, January 11, 2016 – Cogeco Cable Canada is proud to announce that it is improving its high speed Internet and television services in the Bécancour area. The company is providing greater speeds for some of its residential and business Internet packages while also launching its new high speed Ultimate 120 Internet package for residential customers. These improvements are effective immediately. As well, Cogeco Cable Canada announces that it is improving its television service even further, with the launch of an expanded range of high-definition (HD) channels. The progressive roll-out of these HD channels, which began in the fall, will be completed next week, with up to 134 HD channels available, depending on the area.

Improved high-speed Internet service

"Thanks to the improvement of our Internet network in the Bécancour area, we are very proud to be able to offer our customers even greater speeds, further proof of our commitment to providing them with the best Internet experience possible," says Daniel Boisvert, Vice President, Marketing and Innovation, Cogeco Cable Canada.

Clients with a subscription to the packages targeted by this change can already benefit from this service enhancement, at no additional cost, in the following cities: Aston Jonction, Baie-du-Febvre, Bécancour, Daveluyville, Deschaillons-sur-Saint-Laurent, Gentilly, Grand-St-Esprit, Maddington Falls, Nicolet, Odanak, Pierreville, Sainte-Angèle-de-Laval, Sainte-Anne-du-Sault, Saint-Célestin, Sainte-Eulalie, Saint-François-du-Lac, Sainte-Gertrude, Saint-Grégoire, Saint-Léonard-d'Aston, Sainte-Monique, Saint-Pierre-les-Becquets, Saint-Sylvère, Saint-Wenceslas, Wôlinak and Yamaska. Roll-out of new HD channels

Cogeco Cable Canada announces the roll-out of a larger number of HD channels in various areas in Bécancour and neighboring cities. Since late October, the company has gradually introduced a broader range of HD channels at no additional charge to existing customers who have already subscribed to equivalent standard-definition channels. The roll-out will be completed next week and customers will see that many of their favourite channels are now available with superior image quality, depending on their individual packages. Cogeco Cable Canada now offers up to 134 HD channels, depending on the area.

“This improvement in our service is part of our ongoing commitment to better meet the changing needs of our customers, many of whom have HD TVs, set-top boxes and recorders,” says Mr. Boisvert. “By providing them with a diverse range of television content with higher resolution, our customers can get even more out of their initial investment of purchasing or renting HD equipment and enjoy an outstanding entertainment experience.”
