# Atlantic Broadband Names Kristell Janusz As New Vice President Of Engineering

**QUINCY, Mass., February 14, 2017** – Atlantic Broadband, the nation's 9th largest cable operator, today announced the appointment of Kristell Janusz to the position of Vice President of Engineering.

In her new role, Janusz will be responsible for the oversight of Atlantic Broadband's data, video and telephony engineering and operations across residential and business services, as well as network planning and architecture, strategic vendor relations and operationalizing new product initiatives.

"With more than 20 years of experience in the engineering of telephone and cable television infrastructures, Kristell is a seasoned industry professional," said Atlantic Broadband President and Chief Executive Officer, Richard Shea. "We are thrilled to have her bring her progressive leadership experience and strategic network planning skills to the team."

Janusz is also an active member of the Society of Cable Telecommunications Engineers (SCTE), the premier membership organization for technical cable telecommunications professionals as well as a member of Women in Cable Telecommunications (WICT).

**About Atlantic Broadband:**
Atlantic Broadband, a wholly-owned subsidiary of Cogeco Communications Inc. (TSX: CCA), is the 9th largest cable operator in the United States, based on the number of television service customers served. The company currently provides TV, Internet, and Phone services to approximately 246,000 television service customers located in five operating regions: Western Pennsylvania, Miami Beach, Maryland/Delaware, Aiken, S.C., and Eastern Connecticut. Atlantic Broadband is headquartered in Quincy, Massachusetts.
