Cogeco Cable Canada meets Mont-Tremblant residential clients' needs and enhances its High Speed Internet services

Montréal, February 17, 2015 – Cogeco Cable Canada is proud to announce the deployment, between February 17 and 25, of new speeds for its Internet residential packages in the Mont-Tremblant region. Current subscribers in Mont-Tremblant, St-Jovite-de-Mont-Tremblant and Brébeuf will be able to benefit from this service improvement at no additional cost.

Keenly aware of the evolving needs of consumers in terms of Internet, Cogeco Cable Canada is dedicated to offering the highest speeds and more bandwidth, at very competitive prices. To achieve this, the company does not hesitate to make adjustments that will meet its clients' demands, and to offer the relevant improvements to its packages.

"Given the growing interest for online activities such as sharing social media content, pictures and videos, our customers' needs in terms of Internet are growing. The improvements announced today are our answer to the needs of a vast majority of our customer base, who will enjoy some of the highest Internet speeds on the market at very competitive prices," stated Anne Isabelle Roussy, Vice-President, Marketing and Product Development, at Cogeco Cable Canada.

For clients, the changes will allow for higher download speeds and more bandwidth, resulting in improved service while watching online content found on websites such as Netflix and YouTube and faster surfing on the web.
