Limelight Networks Helps Cogeco Peer 1 Deliver Faster Online Experiences Globally (disponible en anglais seulement)

TEMPE, Ariz., May 24, 2017 – Limelight Networks, Inc. (Nasdaq: LLNW), today announced that Cogeco Peer 1, a global provider of secure cloud, network and managed IT services, is using Limelight's global content delivery network (CDN) to ensure fast and reliable web experiences for their customers.

"We're in the business of helping our customers achieve their goals by providing the best possible end-to-end website experience," said Jason Vigus, Product Manager for Managed Services at Cogeco Peer 1. With Limelight we can give them the highest level of service so they can maximize the benefits of the Internet and help turn visits into revenue."

Cogeco Peer 1 had an in-house CDN for customers in North America and Europe, but were limited in providing coverage worldwide as geographical demand grew. The company decided to move to Limelight, which allowed for global expansion and fast, reliable service. With Limelight's CDN, Cogeco Peer 1 has achieved a marked increase in customer traffic, a significant improvement in delivery speed, and is now able to seamlessly expand into more countries. In addition, Limelight's large global network allows them to expand worldwide.

"Cogeco Peer 1 is focused on providing the fastest and most reliable service possible to their customers. Limelight has helped improve their customers' conversion rates which in turn helps them grow their business," said Jonathan Smith, group vice president and managing director, EMEA at at Limelight Networks. "Limelight is focused on providing best possible quality of experience on any device anywhere in the world and it's exciting to see the impact this brings to both Cogeco Peer 1 and their customers."
